

BRILLIANT EverGlow

Universal Nano Hybrid Composite

Benefits

- ✓ Versatile shade system with chameleon effect, ideal for single-shade or layered techniques
- ✓ Nano filler technology for ultra-smooth consistency
- ✓ Premium pre-polymerized fillers ensure fast polishability and long-lasting gloss retention
- ✓ Minimal stickiness to the metal instrument for effortless sculpting
- ✓ Low water uptake supports long-term shade stability

NEW – Xtra Bleach shade for modern aesthetics

Why BRILLIANT EverGlow?

- 1 Mimics natural tooth optics for truly indistinguishable restorations
- 2 Smooth, intuitive handling supports a fast & efficient workflow
- 3 Versatile shade system adaptable to every clinician's needs
