

VETERINARY ROOT CANAL OBTURATION

# Specialty Vet Tips

for **GuttaFlow**® bioseal & **GuttaFlow**® 2

Mix and deliver with one tip!

Obturing the canal of an exotic animal is made more efficient with the adjustable GuttaFlow bioseal / GuttaFlow 2 Extension Tip that can be cut to length to fit the canal of a lion, tiger or bear. It also simplifies obturation for your everyday canine patients. Mix and deliver with one tip. Flexible tip can be individually cut to desired length.
