

AFTER-SALES SERVICE

You are facing a problem with a device ?

Initial contact

Your local sales representative, will assist you and guide you to use correctly the product.

In case of failure

After-sales service is provided by CLINIQUE DE L'INSTRUMENT. This extended collaboration enables us to offer an even higher level of service, thanks to more than 30 years of mastered skills experience in rotary instrument repair. Warranty starts at the purchase of the good by the End-Customer (invoice under his name).
